

Assigning Tas to Criteria

User Stories

Feature: Assigning graders to criteria

1. As an admin

Scenario: Go to “Criteria & Graders” view

- 1.1. Given I am already in an assignment,
I should be able to click on a menu item to go to the “Criteria & Graders” view that lists all the graders and marking criteria of the assignment

Acceptance Criteria:

1. The menu item should be next to “Groups & Graders”
2. Or ideally, we can adopt [Victoria's design](#), where “Groups & Graders” and “Criteria & Graders” share a page, so that we first go to the shared page and then open the “Criteria & Graders” pane.

Scenario: See some information regarding the feature

- 1.2. Given I am already in the “Criteria & Graders” view,
I should be noticed a grader will see all the criteria, but the criteria he/she assigned to will be highlighted in marking view

Scenario: See all the criteria and graders

- 1.3. Given I am already in the “Criteria & Graders” view,
I should be able to see all the criteria and graders, in a way similar to “Groups & Graders”

Scenario: See the graders that are already assigned to some criteria

- 1.4. Given I am already in the “Criteria & Graders” view,
I should be able to see for each criterion, which grader(s) has already been assigned to it

Acceptance Criteria:

1. It should look similar to the one in “Groups & Graders”

Scenario: See a criterion's coverage

- 1.5. Given I am already in the “Criteria & Graders” view,
for each criterion, I should be able to see how many groups have this criterion covered by at least one TA, and how many groups have not.

Scenario: Select a subset or all of criteria

- 1.6. Given I am already in the “Criteria & Graders” view,
I should be able to select a subset of criteria by clicking the checkboxes next to them or select all the criteria by clicking a “select all” checkbox at the column header

Scenario: Select a subset or all of graders

- 1.7. Given I am already in the “Criteria & Graders” view,
I should be able to select a subset or all of graders by clicking the checkboxes next to their names

Acceptance Criteria:

1. the interface should be similar to that in “Groups & Graders”

Scenario: Assign/unassign graders to/from criteria

- 1.8. Given I am already in the “Criteria & Graders” view, and I have already selected some graders and criteria,
I should be able to assign/unassign the selected graders to/from the selected criteria

Acceptance Criteria:

1. If no graders or criteria are selected, then there should be an error message when trying to assign/unassign graders to criteria
2. The assign/unassign options should be provided in a dropdown list, and there should be an “apply” button that triggers the real operation

Feature: View assigned criteria

2. As a grader

Scenario: See all the criteria

- 2.1. Given I am in the results view,
I should be able to see all the criteria

Scenario: See all the criteria

- 2.2. Given I am in the results view and marking status is not “complete”,
I should be able to grade all the criteria

Scenario: See criteria highlighted

- 2.3. Given I am in the results view,
I should be able to see my assigned criteria highlighted
